

BURTONS VETAIR CLASSIC MOBILE DENTAL UNIT

118-704-2-OFFER

PRODUCT DESCRIPTION

Same industry leading VETair... now OIL-FREE!

Bundle Includes:

- **VETair Classic**
- **Starter Kit**
- **LED Scaler**
- **High speed LED handpiece**

The Burton's VETair Classic retains all of the key features of its predecessor, the original VETair, but now comes with an inbuilt oil-free compressor, lowering lifetime maintenance cost by removing the need for oil changes. As well as the ongoing servicing cost benefit, going oil-free removes all possibility of oil contaminants in the airlines, thus protecting the patient.

Oil-free compressors can be notoriously noisy, but we have re-developed our new dental range to incorporate the same technology as in our large oxygen concentrators for piped gas supplies, where compressor noise is also a known issue. A clever combination of spring-mounted components and delay timer tech softens the inertia of starting and stopping the pump, giving you a gentler, quieter compressor action for stress-free dental procedures.

Key Features

- Complete Burton's Lifetime stainless steel frame – durable, robust, easy-clean;
- Oil-free compressor for lower maintenance dental machine, with lower ongoing servicing costs and zero risk of oil contaminants entering the air lines;
- Includes Burton's own noise-dampening technology for quieter air compressor engagement;
- Three-station control unit – includes connections for high- and low-speed hand-pieces, as well as a three-way syringe (water/air/mist);
- Connects seamlessly to your dental scaler, using the single onboard water supply;

- Concealed internal storage drawer at an ideally accessible height - perfect for keeping machine accessories;
- Coiled, robust leads, kept neatly out of the way on the VETair's integral cable tidy hooks and loops;
- Enclosed four-way power socket for any accessories;
- Fully mobile, solid four-wheel base with independent wheel locks;
- Neatly stores under your knee-space tub table when not in use;
- Full warranty, supported by Burtons' nationwide Service Team;
- Designed and manufacture by Burtons in the UK.

Technical Specs:

- Dimensions: 780 x 570 x 430mm HWD • Weight: c52kg
- Power: 240v AC, 50/60hz, 3.6 Amp, 500W
- Volume: 55 dB(A)
- Reservoir capacity: 15l
