

HEINIGER STYLE MINI TRIMMER

HNG-707-281

PRODUCT DESCRIPTION

Suitable for dogs and cats, the Heiniger Style Mini Trimmer gives you high levels of performance and precision.

The Style Mini allows you to shear with extreme precision with incredibly low noise levels, making it ideal for blood sampling and cannula placements.

The adjustable snap-on comb ensures a cutting length ranging from 3 to 6 mm. This trimmer is particularly suitable for final styling. After use, the shearing head can be easily cleaned.

This trimmer has a powerful motor, letting you glide through any patient with ease. It is light with a weight of just 120g, and the high performance Li-Ion battery gives you a long lasting battery life of 120 minutes. Vibrations are minimised when using the Style Mini, and when using it, sound levels are always at a minimum.

We recommend lubricating the clipper head of your speed clippers, as insufficient lubrication results in overheating and reduced durability of the blades!

To keep your clipper blades in top condition, simply:

- Oil the clipper blades with a few drops during and after clipping, and wipe off any excess oil with a dry cloth.
- Check which clipper you have, as some run at higher speeds, meaning the blades will heat up quicker. Regular lubrication is even more important for these.
