

EXAMION FIRECR COMPLETE DENTAL SYSTEM WITH GENERATOR, PC & AQS SOFTWARE

XR-EXYFIRE5-PROMO25

PRODUCT DESCRIPTION

This complete dental CR system delivers high-quality dental images quickly and affordably for the veterinary clinic.

This dental CR solution is a complete package and no other existing radiography system or components are required to get started. It includes:

- FireCR reader
- Lenovo PC (Acquisition station)
- Includes Imaging Plate Kits:
 - x2 Size 2 Plates (Includes 100 Protective Size 2 Sleeves)
 - x2 Size 4c Plates (Includes 100 Protective Size 4c Sleeves)
- Cleaning fluid
- Examion AQS software including the following modules: X-ray, FireCR control, Image optimisation, 1 x license, AQS PACS.
- Static Dental Wall Mounted Generator with standard arm (184cm)

The FireCR's compact size makes it suitable in even the smallest examination rooms, without compromising quality. It rapidly reads reusable, easy-to-position intraoral imaging plates, generating high-quality X-ray image results.

Working alongside the included dental x-ray generator, and the PC acquisition station, the included AQS software modules enable easy image acquisition, analysis and storage, creating a complete dental imaging system.

Imaging plates are processed by being placed directly onto the feeder, which magnetically holds them in place. This contact-free reading ensures a longer plate life and no additional cassette adapters are needed to read the imaging plate.

Key Features:

- Simple, two-step process – after exposure, the Fire CR provides fast, reliable images.
- Dental image plates are available in different dental sizes for different animal species.

- It's rapid, high-quality reading of re-usable, easy-to-position bitewing, intraoral positioning plates instantly enhances your dental x-raying.
- Exceptionally compact at just 12cm wide and 26cm high, suitable for the smallest of spaces

Specifications:

- Supported Intraoral Imaging Plate sizes: Sizes 0 - 4c
- Pixel size: 35µm
- Sampling Pixel Pitch: 14.3 lp/mm
- Readout Time: 4.1 - 7.2s
