

SHELF FOR MERLIN SMALL ANIMAL VENTILATOR - FITS AAA

102-069

PRODUCT DESCRIPTION

An update on a classic from the Burton's Adaptable range, the Merlin Shelf

Built upon the original Burton's AAA (Adaptable Anaesthesia Apparatus) frame concept, the Merlin shelf is designed to go on any Burton's AAA machine to improve the adaptability and versatility of the frame.

The Anesthesia machine sits on top, leaving enough room to fit the shelf underneath to house a Merlin Small Animal Ventilator, with the potential for an Oxygen Concentrator to go underneath. The 16Kg Merlin can be supported by this robust purpose-built shelving unit, which is made from easy to clean, high-grade 304 stainless-steel. The shelf can also be used to house and store other essential items.

This design has a small footprint, allowing for multi-stacking potential enabling your practice to have the perfect unit configuration.

Key Features:

- Complete Burton's Lifetime stainless-steel frame – durable, robust, easy-clean
- Full warranty, supported by Burton's' nationwide Service Team
- Designed and manufactured by Burton's in the UK
- Anaesthesia Machine, Concentrator and vaporiser(s) sold separately.

Technical Specifications:

- H 251mm x W 455mm x D 316mm

Manufactured to last

We don't just supply it! It was designed and built by Burton's in the UK at our principal manufacturing facility in Maidstone, Kent.

Using the latest CNC's and laser manufacturing processes and high-quality stainless-steel materials this product has been engineered from the ground up to last!
