

MICROBLUE DIGITAL MICROSCOPE & FREE SCISPIN MINI CENTRIFUGE

MICROBLUE-PROMO24

PRODUCT DESCRIPTION

The MicroBlue LCD is an entry-level digital microscope, providing you with an affordable option for getting started with digital microscopy.

Offer includes a FREE SciSpin Mini Centrifuge

The included 7" LCD screen helps to reduce eye fatigue by allowing live viewing, with a basic line measurement function. Its ability to save images and videos to its SD card enables easy transfer to a computer to further examine or add to patient records.

The MicroBlue microscope comes with an integrated mechanical stage, Abbe condenser and 35mm achromatic objectives.

Digital screen not always suitable for you? You can add a binocular head and your choice of lens to the microscope for use without the tablet. This also enables the microscope to be portable, running off of rechargeable batteries.

Camera: Equipped with a 5.0MP 1/2" CMOS USB 2.0 camera with a max resolution of 2560 x 1920, 24 bits of colour depth, and up to 30 frames per second. Supplied with USB-2.0 cable and micrometer 1mm/100 slide.

Software: The capture and analysis ImageFocus Plus software allows to save images in .jpg, tif, bmp or .dicom formats as well as .avi format videos. Measurements and annotations can be taken on live or captured images. Compatible with Windows 10 and 11, both 32 and 64 bits configurations. A Mac OS version is also available. Free software and updates can be downloaded from www.euromex.com.

LCD Screen: 7" LCD screen, with all the features of the regular BioBlue, allowing live viewing, and the saving of images and videos directly to microSD card. Screen resolution 1920 x 1080 @ 30 fps, image resolution up to 1844 x 1080 in JPG and video resolution 1280 x 720 AVI format.

Key Features:

- Incredibly light and compact, ideal for small spaces.
- Includes everything you need to get started with digital microscopy.

- Integrated X-Y mechanical stage
- APL (Antimicrobial protection layer) Preventing the growth of unwanted microbes that can cause degradation, discolouration, staining or odours.
