

SPITZ LAPAROSCOPY BUNDLE

SPITZ-LAPAROSCOPY-BUNDLE

PRODUCT DESCRIPTION

Easy entry to Laparoscopy

Our comprehensive laparoscopy solution is designed to integrate seamlessly into your clinic, providing your team with the precision tools required to enhance patient outcomes and practice reputation.

Superior clinical outcomes and patient welfare

Enhanced visualisation

Achieve superior clarity and precision during complex procedures.

Minimal tissue trauma

Smaller incisions lead to reduced scarring and a lower risk of post-operative complications, such as infection.

Accelerated recovery

Patients benefit from faster recovery times and improved post-operative comfort, directly increasing client satisfaction.

To further support your surgical capabilities, we are pleased to offer a complimentary Ethicon GEN11 Vessel Sealing & Cutting Device (valued at £5,000) with every complete laparoscopy bundle, while stocks last.

Adaptive tissue technology

This intelligent system senses tissue changes and delivers the optimal amount of energy for unmatched precision.

Streamlined integration

Featuring automatic device recognition and intuitive on-screen prompts for ease of use.

Versatile compatibility

Fully compatible with all HARMONIC and ENSEAL handpieces.

Bespoke bundle configuration

Tailor your surgical suite to your practice's specific requirements through our modular 14-step selection process.

Imaging excellence

Select from our range of high-definition monitors and SPITZ camera systems, including 4K resolution options.

Advanced insufflation

Choose between the standard SPiTZ Airflow A2 or the heated model to assist in maintaining patient normothermia.

Surgical precision

A full suite of autoclavable laparoscopes, trocars, and ergonomic instruments, including Babcock and Maryland dissectors.

A sustainable investment in excellence

Investing in a laparoscopic tower is not only a clinical advancement but a sound commercial decision for your practice.

Rapid return on investment

Most practices achieve a full return on capital expenditure within approximately 12 months.

Enhanced revenue streams

By converting just 50% of standard procedures to laparoscopic spays, a practice can generate approximately £39,000 in additional annual revenue.

Future-proofing

Beyond spays, the equipment facilitates advanced diagnostics, including biopsies and cryptorchid castrations.

Professional development and support

We believe that advanced technology must be paired with expert knowledge. Every package includes a comprehensive training and support programme.

Specialist training

One year of access to Simply Key Hole's online library and a £1,000 voucher towards further professional laparoscopy training.

Care and maintenance

Professional Ethylene Oxide sterilisation services and PPM Care Plans ensure your equipment remains in peak condition.

Contact our specialist team

To discuss how we can support your journey into minimally invasive surgery, please contact our advisory team by phone on [+44 \(0\)1622 834300](tel:+441622834300) or email support@burtons.uk.com.
