PRODUCT DESCRIPTION

Fail-to-Safe X-Ray Warning Light - IRR17 UK Compliant

Maintain essential safety and compliance in your practice's radiography area with this Fail-to-Safe X-Ray Warning Light. Designed to meet Ionising Radiations Regulations 2017 (IRR17) requirements, this advanced system provides a clear, reliable visual indicator whenever your X-ray equipment is in use, ensuring all team members are alerted during imaging procedures.

Engineered with veterinary environments in mind, the Fail-to-Safe design guarantees the light will automatically illuminate in the event of a fault or power loss, maintaining protection even under unexpected conditions. The high-visibility LED display offers bright, energy-efficient illumination with minimal maintenance requirements, perfect for busy clinical settings.

Manufactured in the UK, this durable warning light is supplied preassembled and ready to install, with options available for single or dual-room configurations.

Its robust, sealed housing protects against dust, moisture, and daily wear, ensuring long-term reliability in any veterinary practice.
